## General conditions for the accommodation of foreign students staying with a French host on self catering basis

### ***Our hosts are committed to the following :***

- To welcome you in the best conditions.
- To assist you in the language learning process if their time and availability allow to do so.
- To help you to cope with your life in France.
- To offer you a clean and comfortable room with a window, and furnished with a work table and a wardrobe.
- To supply you with bed sheets and to change them every week.
- To give you the keys of the flat or house.

### ***But attention:***

- When living with a French host, you have to buy and prepare your food. But why not sharing this task from time to time with your host ...?
- You don't have access to the host's phone unless it is for incoming calls or urgencies. But you can buy a « prepaid phone card » with a pin code which can be used with any telephone.
- The basics of this accommodation type are flexibility, respect and responsibility. Therefore it is only natural to help cleaning the shared facilities like kitchen, bath room and toilets. Also the cleaning of your room is your duty and you are asked to leave it in the very same state as it was at your arrival. For your laundry , there are laundrettes in each area of the town and your host will give you the necessary for ironing.
- Your host doesn't have to restrict you on showers or baths (of course you won't abuse either as you are not the only one living at this place...)

### ***Furthermore:***

- You are free to go out and to come home at any time.
- Attention : Students under the age of 18 are not accepted in this accommodation type as there is no supervision during the night.
- Be silent after 22.00 in order not to wake up your host and to respect the neighbourhood.
- You are not allowed to bring other persons or even friends to the home of your host unless he has agreed in.
- When leaving the house, never keep the keys and the address of your host in the same place. In case of loss or theft of the keys you will have to pay for a new lock.
- You are responsible for any damage caused by you in the flat or house. Repairs have to be paid by yourself or by your insurance company.
- If you want to extend your stay, please discuss this first with the Alpha.b administration.

**Private accommodation means respect of elementary living rules. In case of violation alpha.b reserves itself the right to take necessary steps which have to be accepted by both parties. Any problem concerning your accommodation should be related immediately to the alpha.b administration. Late complaints at the end of your stay or after your departure can't be taken into consideration. Thank you for your understanding ! Never hesitate to contact the director personally.**
